

A large, diagonal brushstroke in a vibrant red color, set against a dark blue-grey background. The brushstroke has a textured, painterly appearance with visible bristles and varying shades of red.

# RED SEA Permeant Activities

## Why its Called red Sea?

because of a type of algae called *Trichodesmium erythraeum*, which is found in the sea. When these blooms of algae die off they appear to turn the blue-green color of the ocean to a reddish-brown.

# What does red colour symbolized?

*it is associated with energy, strength, power, determination as well as passion, desire, and love.*

*Red is a very emotionally intense color. It enhances human metabolism, increases respiration rate, and raises blood pressure.*
